Edifier CX7 2.1 Speakers (black)

Are you looking for equipment that will help you enjoy music, games and movies even more? Edifier 2.1 speakers are sure to meet your expectations! The CX7 model offers an 8-inch subwoofer and amplifier, thus providing delightful sound quality, rich detail and powerful bass. The wooden enclosures of the devices will enhance the aesthetic value of any room, while minimizing acoustic resonance and eliminating distortion. The equipment supports Bluetooth 5.0 connectivity and is equipped with several ports, making it widely compatible. A practical remote control is included.

Sound that delights

The Edifier equipment is distinguished by an output power of up to 69 watts. The 8-inch subwoofer (45 watts RMS) combined with high-end satellite speakers will provide you with delightful, richly detailed, crisp sound. Also noteworthy is the perfect harmony between midrange and treble. What's more, the bass reflex port contributes to improved sound quality. As a result, you will enjoy deep and powerful bass. As a result, you can be sure to completely immerse yourself in your favorite games or movies.

Say goodbye to distortion for good

What else makes the CX7 speakers impress with excellent sound quality? Patented Intelligent Distortion Correction technology, so you don't have to worry about unpleasant crackles and rasps bothering you, even when listening to music at high volume. The silk diaphragm provides better audio quality and faster, smoother response. In addition, dynamic range compression (DRC) guarantees precise reproduction of audio signals and high performance.

Compatible with your devices

Edifier equipment is equipped with PC, AUX, USB and SD card ports. You can easily connect various audio sources to them. The CX7s support MP3, WMA formats, FAT16, FAT32 systems and 8GB / 16GB / 32GB SD cards. So the speakers will work perfectly with most of your equipment. In addition, they support Bluetooth 5.0, which provides stable transmission with low power consumption.

User-friendly

The included remote control will allow you to manage the speakers even more conveniently. Now you don't have to get up from the couch to gain control of the sound. You can also operate the equipment using the control panel and knob. The decision is up to you! You can read information about the CX7's operating status from the easy-to-read LED display. Bet on convenience and functionality with Edifier!
