Ref: 6923520269785

Edifier MF3 portable voice amplifier (black)

Do you give lectures or classes? Or do you work in sales and often communicate with customers? The Edifier MF3 portable voice amplifier will be a great gadget for you! Despite its compact size, the device is extremely powerful. Its power reaches 3 watts (RMS), and the operating time after a single charge is as much as 20 hours. The amplifier is equipped with a 78-millimeter driver, a wired microphone and a dual AUX input, making it highly functional. What's more, it has an extremely chic design, and the included lanyard makes it easy to use the product.

Many possibilities

The Edifier product will be great for a variety of applications. It will be particularly useful for a teacher, guides, coaches and people working in sales, among others. The MF3 will allow users to avoid straining their vocal cords. The device is equipped with a 9.7 mm microphone, which is characterized by high sensitivity and low distortion. Forget about interference! Now you can talk without worrying that your utterances will not be loud enough, even in large spaces.

Refined design

The Edifier MF3 voice amplifier stands out with an output power of 3 watts (RMS). It features a 78-millimeter midrange and treble driver, so you'll enjoy crystal clear sound. The device is sure to be appreciated by music lovers - through the dual 3.5mm AUX jack you can

connect the MF3 to your laptop, tablet, smartphone or MP3 player and enjoy your favorite tunes.

Long runtime

Worried about the amplifier discharging while giving a lecture or class? Don't be! The device is equipped with a powerful 2200 mAh battery, so one charge is enough to keep the MF3 running for up to 20 hours. So you can use its functions without worry.

Additional conveniences

That's still not all - to make the use of the product as convenient as possible, the kit comes with an adjustable lanyard with a maximum length of 1.4 meters and a buckle, so you can conveniently hang the amplifier on your shoulder or around your waist, or attach it to your belt or clothes. The stylish design inspired by fashionable handbags makes the MF3 not only a functional device, but also a great accessory! What's more, thanks to the product's light weight, you won't even feel that you're carrying it.
