Edifier MP85 speaker (grey)

The Edifier MP85 speaker will let you enjoy listening to music even more. It is extremely lightweight and thanks to its portable design can accompany you almost anywhere. Its Bluetooth 5.3 connection guarantees a fast and interference-free connection to your device. It impresses with great sound quality thanks to its full-range 40mm drivers and its output power reaches 2.2W. The built-in rechargeable battery provides up to 8 hours of operation.

Excellent sound quality

Nurture your musical passion with Edifier. Despite its compact size, the MP85 speaker allows you to enjoy fantastic sound quality. It features 40-millimetre full-range drivers with a total output power of 2.2W (RMS). As a result, it provides clear and transparent sound and a wealth of detail.

Reliable wireless connection

Worried about interference and delays? With Edifier, you don't have to worry about a thing! The speaker uses the latest Bluetooth 5.3 connection, which is responsible for stable, fast and reliable signal transmission with the selected device. What's more, it ensures lower power consumption.

The perfect companion for any outing

The speaker's compact and lightweight design means you can always have it within easy reach. A practical lanyard is included so that you can attach the speaker to your backpack, for example. This way, you can listen to your favourite songs while hiking in the mountains, for example! In addition, you will not have any problems operating it - the built-in buttons will make it easy to use the device.

Up to 8 hours of operation

Forget about limits and listen to your music for as long as you like! The MP85 is equipped with a durable 480 mAh battery. It provides up to 8 hours of music playback on a single charge. What's more, an indicator light will let you know the battery's charge status. Take the speaker with you to meet up with friends at the beach or to a birthday party in the garden and get carried away by the sounds of your favourite songs!

Additional possibilities with the app

Want to gain access to exciting speaker features? Download the Edifier Connect app, which you can find in Google Play and the App Store. The app allows you to adjust the volume and check the battery status. It also allows you to choose from Music, Game, Vocal and DIY modes. There are also specially prepared nature sounds to help you relax after a hard day.
