

Wireless Sport earphones Edifier W210BT (black)

Wireless Sport earphones Edifier W210BT (black)

Ref: 6923520246489

Edifier W210BT wireless sports headphones (black).

Do you lead an active lifestyle? Do you want your favorite songs to make your workouts more enjoyable? Edifier W210BT wireless headphones will be perfect for you! They are very light and comfortable, and with the included antibacterial tips you can customize them to your needs. Bluetooth 5.3 is responsible for a reliable connection to the device of your choice, and they are also distinguished by IP55 water resistance and a runtime of up to 18 hours. The W210BT are also Hi-Res Audio certified and support the LDAC codec, so you can enjoy the highest quality audio playback.

Reliable headphones for your workout

Stock up on headphones that will perform well even during extremely intense workouts. The W210BT are extremely lightweight and comfortable - don't worry about discomfort. What's more, they fit perfectly in your ears, so you can freely perform demanding exercises without worrying about them falling out. They also feature IP55 water and dust resistance - rain, dust and sweat are no threat to them. You'll also find antibacterial tips in 3 sizes and 3 pairs of interchangeable ear pads.

Discover a new dimension of sound

The songs you love have never sounded better The headphones are equipped with 10-millimeter drivers with composite diaphragms, so they can deliver the highest quality sound, as evidenced by Hi-Res Audio certification. The W210BT also support the advanced LDAC

codec, which allows for lossless transmission of high-resolution audio. Exceptional richness of detail, crisp, powerful bass and crystal clear treble - take your music experience to a whole new level with Edifier!

Convenient phone calls in any conditions

Now you can easily talk on the phone wherever you are - even in extremely noisy environments, such as a supermarket or bus. The headphones are equipped with a high-quality microphone that will perfectly register your voice. They also support noise cancellation technology, which uses artificial intelligence to eliminate unnecessary background noise. As a result, your interlocutor will easily hear everything you say!

2 playback modes to choose from

The W210BT headphones allow you to choose from 2 playback modes, making them great for a variety of uses. Music mode will be ideal for music playback - it will highlight the most interesting details of your favorite songs. Game mode was created with gamers in mind - it provides low latency of about 80 ms. Enjoy great video and audio synchronization, comfortably play your favorite titles and effortlessly claim another great victory!

Edifier Connect app

Are you keen on additional features and capabilities? Install the Edifier Connect app, which you can download for free from the Google Play store or App Store! Conveniently change Equalizer settings, choose from available modes and more. Don't remember where you left your headphones? The app will help you find them - just use the location function.

Up to 18 hours of operating time

Comfortably listen to music at home, at work, during a train trip or on a workout - you don't have to worry about your headphones draining too quickly. The W210BT are equipped with a powerful battery, so they can play music for up to 18 hours on a single charge. It only takes about 1.5 hours to charge them - forget the long wait!
