Edifier P265 Headphones (black)

Edifier P265 are versatile headphones that won't let you down. Equipped with 9mm neodymium magnets with CCAW coil technology, they deliver fantastic sound with crisp highs and deep, juicy bass. The well-thought-out design makes the headphones extremely comfortable to wear, and they do a great job of attenuating ambient sound. The headphones will work great with a wide range of mobile devices, and will allow you to make casual phone calls with their built-in microphone and remote control.

Wide compatibility

The Edifier P265 is a hit when it comes to versatility. Equipped with a 3.5mm jack connector, they provide wide compatibility, and with an impedance of 24Ω, they are suitable for use with all kinds of mobile devices, providing clear sound without noise or distortion.

Sound full of detail

The headphones feature 9mm neodymium magnets paired with CCAW coil technology, meaning you get fantastic audio quality. The frequency response of 20Hz-20kHz will give you a musical experience full of detail.

Full comfort of use

The P265 is not only great sound, but also comfortable to use. They are lightweight, and with 3 sets of silicone pads you can easily adjust

them to your needs. The ergonomic shape makes them fit perfectly in the ear, while providing better soundproofing. Also responsible for your comfort is the 1.3 meter tangle-free cable with integrated microphone and control panel, which will allow you to easily manage your calls and music player.
