

## Speaker Edifier MP85 (White)

Speaker Edifier MP85 (White)

Ref: 6923520286157

Edifier MP85 Speaker (white).

The Edifier MP85 speaker will let you enjoy listening to music even more. It is extremely lightweight, and thanks to its portable design, it can accompany you almost anywhere. The Bluetooth 5.3 connection guarantees a fast and interference-free connection to your device. It impresses with great sound quality thanks to its full-range 40mm drivers, and its output power reaches 2.2W. The built-in rechargeable battery provides up to 8 hours of use.

Excellent sound quality

Nurture your musical passion with Edifier. Despite its compact size, the MP85 speaker allows you to enjoy fantastic sound quality. It features 40-millimeter full-range drivers with a total output power of 2.2W (RMS). As a result, it provides clear and transparent sound and richness of detail.

Reliable wireless connection

Worried about interference and lag? With Edifier you don't have to worry about anything! The speaker uses the latest Bluetooth 5.3, which is responsible for stable, fast and reliable signal transmission with the selected device. What's more, it ensures lower power consumption.

The perfect companion for any trip

The speaker's compact and lightweight design means you can always have it within easy reach. In the set you will find a practical lanyard, which will allow you to attach the speaker to your backpack, for example. This way you can freely listen to your favorite songs, for example, while hiking in the mountains! In addition, its operation will not be a problem for you - built-in buttons will make it easy to operate the device.

Up to 8 hours of operation

Forget about limitations and listen to music for as long as you want! The MP85 is equipped with a durable 480 mAh battery. It allows up to 8 hours of music playback on a single charge. What's more, a light indicator will let you know the battery's charge status. Take the speaker with you to meet friends at the beach or a birthday party in the garden and get carried away by the sounds of your favorite songs!

Additional capabilities with the app

Want to gain access to interesting features of the speaker? Download the Edifier Connect app, which you can find in Google Play and the App Store. With it, you can adjust the volume or check the battery charge status. It also allows you to choose from available modes - Music, Game, Vocal and DIY. There are also specially prepared nature sounds to help you relax after a hard day.
