Edifier Comfo Run Open-Ear Earphones (black)

The Edifier ComfoRun wireless headphones are versatile and can be used during workouts, bike rides, or at work. They stand out with an ergonomic design, ensuring great comfort. With 16.2 mm dynamic drivers, they deliver excellent sound quality. The built-in microphones allow you to make phone calls effortlessly. These headphones support Bluetooth 5.3 connectivity, and their battery life extends up to 17 hours.

Ergonomic Design

The headphones are made of a touch-friendly, flexible material with shape memory, providing unparalleled comfort with their ergonomic design. ComfoRun is also coated with a skin-friendly silicone layer. Designed to be used comfortably with glasses, they are waterproof and dustproof with an IP55 rating, making them resistant to sweat, rain, or accidental splashes.

Fantastic Sound Quality

Discover your favorite songs in superior quality. Equipped with 16.2 mm dynamic drivers, the headphones offer perfect harmony, rich details, and a pleasant sound. The ComfoRun model also features enhanced, emphasized bass, immersing you in incredible audio and unforgettable musical experiences.

Perfect for Calls

With ComfoRun, you can talk on the phone freely wherever you are. The headphones come with 2 microphones and an advanced algorithm, precisely capturing your voice in almost any conditions. Phone conversations just became more enjoyable! Additionally, the ComfoRun model is designed to ensure that the sound is not audible to others, ensuring your privacy.

Edifier ConneX App

Install the dedicated Edifier ConneX app for additional features. The built-in pedometer allows you to track your workout records and share them with friends. You can also customize the sound character to your preferences with options like Classic and Bass Boost.

Long Battery Life, Fast Charging

ComfoRun headphones are ideal for work, workouts, or travel, as they won't run out of battery quickly. Thanks to an efficient battery, they can play music for up to 17 hours! The headphones also feature fast charging – just 15 minutes give you an additional 5 hours of listening time.

Reliable Wireless Connection

Forget about connection issues. The headphones support Bluetooth 5.3, ensuring fast and reliable signal transmission in almost any conditions. There's also a special Game mode with only about 80 ms latency – an ideal option for gamers. Enjoy excellent synchronization of image and sound, easily navigating the gaming world, locating your opponents, and showing them who's in charge!
