Ref: 6936761809481

Adapter Hub Orico 5-in-1, HDMI 4K + USB 3.0 + VGA + AUX + US

Orico MC-U501P-GY-BP Multifunctional Docking Station

Your laptop or computer doesn't have enough ports? Now you can easily solve this problem! The Orico brand docking station is equipped with several different ports such as USB-C, USB3.0, HDMI, VGA and 3.5mm audio. It allows for fast charging with 60W of power and can transfer files at speeds up to 5Gbps. It also enables 4K video display and supports OTG.

Fast charging for your laptop

No longer do you have to worry that your laptop will fail when you least expect it. The docking station's USB-C port supports the PD2.0 protocol and allows for fast charging with up to 60W of power. Simply plug in the PD charger to charge your device in no time!

Crystal clear image

Enjoy excellent picture quality. The docking station has built-in HDMI and VGA ports. The former allows you to play videos in 4K 30Hz resolution and the latter 1080p 60Hz resolution. So you can be sure that you will not miss any detail!

Display images on multiple screens

The HDMI and VGA ports also allow you to display images on 2 additional screens for a stable connection. The Orico docking station also supports Windows MST and lets you choose from 4 modes - Collage, Extension, Mirror and Split Screen. Using it this way, you can enjoy

up to 1080p 60Hz resolution.

Transfer files in a snap

Frequently transfer files between devices? No longer do you have to wait forever for all your photos, videos or documents to be copied! The Orico docking station provides a transfer speed of up to 5Gbps on a USB3.0 port. This means that it only takes about 3 seconds to transfer 1GB of files!

Excellent sound quality

The Orico docking station will give you crystal clear sound when you're listening to music, watching movies, or chatting with friends online. It features a 3.5mm audio port and has a built-in digital codec that supports ADC decoding rates as high as 48K/16bit. Plug in your headphones and discover a new and better sound quality!

Extend the capabilities of your phone

Your phone supports OTG? Use the Orico docking station to, for example, play movies from a flash drive on it! Or connect it to your tablet and open your most important documents conveniently. The device also allows you to display images from Huawei Mate 40 or P40 smartphones on a larger screen.

You can always have it on hand

Conveniently use the docking station at home, take it to work or take it with you on vacation. The device is incredibly light and compact - you can easily fit it in your backpack, purse or suitcase. With Orico you can enjoy the extended capabilities of your laptop wherever you go!

Wide compatibility

The Orico docking station is compatible with most popular devices equipped with a USB-C port. For example, you can successfully connect it to Lenovo X1 laptop, Huawei Matebook or MacBook. It also works perfectly with smartphones such as Huawei P30, Honor V20, Oppo R17 Pro or Samsung Note 10. It will also support iPad Pro.
