

## Smart Outdoor Plug WiFi Meross MSS620HK (HomeKit)

Ref: 600358069942

Smart Outdoor Plug WiFi Meross MSS620HK (HomeKit)

### Smart Outdoor Plug Meross (HomeKit)

The intelligent Meross Extender allows you to create your own smart home easily and quickly. Thanks to its housing with IP44 protection it is perfect for both indoor and outdoor use. It is perfect for use on the terrace or in the garden. With Meross you can control the devices connected to the extension cord from any place.

### Functional and safe during use

The Meross extension cable has two intelligent sockets and a number of protections against overvoltages and overloads, which make it easy for you not to worry about your equipment. It is splash-proof, so you can easily use it outside without worrying about a short circuit or damage.

### Control with your voice

Thanks to compatibility with the Alex Assistant and the IFTT application, you can control your devices with your voice. Just say the right command and the device will work exactly as you need it to. It works with Apple HomeKit and Samsung SmartThings.

### High quality

Meross devices are made of the highest quality materials, resistant to minor mechanical damage and scratches. However, the main focus

during production was on safety and the possibility of long use.

#### Intelligent control

The extender allows for remote control of all devices connected to it. You can also set schedules and decide which device should turn on or stay off at a given time. The Meross application is intuitive and very easy to use.
