

Smart PIR Motion Sensor NEO NAS-PD01W WiFi TUYA

Smart PIR Motion Sensor NEO NAS-PD01W WiFi TUYA

Ref: 6924715900759

TUYA NEO NAS-PD01W WiFi Smart PIR Motion Sensor

Do you want to take care of the security in your home and enjoy even more comfort? With the NEO intelligent motion sensor it will be possible! It stands out with a detection range of up to 7 meters and will immediately notify you of suspicious activity in the room. What's more, it works with a whole host of other devices and sensors, so you can create smart scenes and schedules. With NEO, nothing will escape your attention anymore!

Reliable performance

What makes the NEO motion sensor stand out is its operating range of up to 7 meters, so you can be sure that no suspicious movement escapes your attention. It will detect moving people and animals equally. What's more, thanks to modern PIR technology, it will record movement during the day and at night in real time. With NEO you can sleep peacefully!

Fast and safe operation

The NEO motion sensor will provide you with fast and safe operation. You'll connect to it via a 2.4GHz Wi-Fi network, which guarantees a more stable, faster and convenient use. Thus, you can easily control your device with your phone. What's more, it works with other devices and sensors, so you can create smart scenes and schedules. Increase your sense of security with NEO.

Easy installation

Worried about a difficult and lengthy installation? With NEO devices you won't be! The whole process is very fast and simple. Just three steps are enough to connect to the sensor. First, connect to a Wi-Fi network, then download the app and add the device. That's all it takes to increase your sense of security.

Long and comfortable operation

The NEO motion sensor is a combination of safety and comfort. It is powered by a CR123A battery, so it provides a long operating time. In addition, it is distinguished by its small and compact design, so you can easily install it in any room. What's more, it supports platforms such as Tuya Smart, Amazon Alexa, Google Assistant and Tmall Genie, making it even easier and more enjoyable to use.

□ Producer

□ NEO

□ Model

□ NAS-PD01W

□ Battery

□ CR123A x 1

□ Standby current

□ 20 uA

□ Standby time

□ 5 years

□ Usage time

□ 1 year (25 min/day); 2 years (10 min/day)

□ Wireless connection

□ 2.4 GHz

□ Sensitive operating distance

□ 7 m

□ Viewing angle

□ 110°

□ Operating distance

□ 45 m

□ Operating temperature

□ 0°C~40°C

□ Operating humidity

□ 20%~85%

□ Storage temperature

□ 0°C~60°C

□ Storage Humidity

□ 0%~90%
