BYINTEK X30 Projector

The BYINTEK X30 projector combines modern technology and functionality to provide exceptional home theater experiences. Its high resolution, impressive brightness, and long-lasting LED lamp are just the beginning of the advantages that make the X30 the perfect choice for movie enthusiasts and those who enjoy relaxing with a good film. Easy to use, efficient, and reliable - that's the BYINTEK X30.

Excellent Image Quality

The BYINTEK X30 projector features a native resolution of 1920 x 1080 pixels and a brightness level of 650 ANSI lumens. With a contrast ratio of 5000:1, the images are sharp, full of details, and vibrant in color, making every movie or presentation look fantastic. The autofocus mode and keystone correction ensure a sharp image without distortion, even in challenging conditions. The projector supports a wide range of video, graphics, and audio formats, making it incredibly versatile.

Longevity and Eco-friendliness

The LED light source in the X30 projector has a lifespan of up to 30,000 hours, ensuring years of reliable use. This is not only practical but also an eco-friendly solution, reducing the need for frequent light source replacement and minimizing electronic waste.

Versatile Connectivity Options

With various connectivity modes, including USB, HDMI, and Bluetooth 5.0 support, the BYINTEK X30 projector offers easy and quick connections to various devices. This allows for seamless content streaming from laptops, smartphones, or tablets, as well as direct playback of multimedia from a USB drive.

Built-in Sound System

Two 5W speakers, supported by a passive bass radiator, deliver rich and clear sound. With official Dolby Audio support, the X30 projector provides cinematic-quality audio that complements the visual experience perfectly.

Ease of Use and Portability

Weighing 2 kg and having compact dimensions, the projector is easy to carry and install in various locations. The remote control adds to the convenience of use, and the intuitive interface makes operating the projector straightforward, even for those unfamiliar with this type of technology.

Package Contents:

- Power Adapter x 1
- Instruction Manual x 1
- Remote Control x 1
- Lens Cover x 1

Specifications:

- Brand BYINTEK
- Model X30
- Color Black
- CPU (Processor) MT9266
- Official Dolby Audio Support Yes
- Light Source LED
- LED Light Lifespan 30,000 hours
- Native Resolution 1920 x 1080 pixels
- Brightness 650 ANSI lumens
- Contrast 5000:1
- Auto Focus Mode Autofocus
- Keystone Correction Yes
- ZoomYes, digital
- Operating Temperature 0°C-40°C
- Aspect Ratio 16:9, 4:3, automatic adjustment
- Throw Ratio 1.35:1
