Orico CBT-1S-BK Cable Organizer

Say goodbye to desk clutter and keep your cabling properly organized. The Orico hook and loop tape will make this task easier! With its help you can easily organize the cables from your computer, mouse, monitor or keyboard and fasten them together. Easy to use and durable - provides an incredibly durable fixation. If necessary you can also cut it to the desired length.

Strong Velcro

What makes the Orico brand organizer so perfect for its purpose, yet simple and convenient to use? High-quality, durable Velcro! There are soft fibers on one side of the strap and sharp hooks on the other, so it guarantees a strong, stable fastening.

Customize it to your needs

Do you need several straps of different lengths? You want to fasten the cables every few centimeters and need the right number of equal strips? No problem! You can easily cut the organizer with ordinary scissors and adjust it to your needs. The cut tape will not fray or delaminate.

Highest quality workmanship

Organizer by Orico will serve you perfectly for a long time. It was made of the highest quality materials, which provide not only strength,

but also resistance to acids and alkalis. The product is also distinguished by good insulativity. It is extremely durable - it will certainly not let you down!
