

Smart Plug Matter NEO NAS-WR01WM

Smart Plug Matter NEO NAS-WR01WM

Ref: 6924715900933

Matter NEO NAS-WR01WM Smart Nest.

The NEO NAS-WR01WM smart socket will be perfect for your smart home. It will allow you to remotely control connected devices, create work schedules and more. It features wide compatibility and is very easy to set up - just scan the QR code and follow a few simple steps. The product is also equipped with a special lock, which allows it to be used safely in areas where children are present. What's more, it works with the Matter standard.

Convenient control of devices

Not sure if you turned off the TV or lamp before leaving the house? Now you can do it with your smartphone! The NEO socket will allow you to remotely control the devices connected to it - you can turn them on or off, as well as create work schedules for them. The NAS-WR01WM supports most popular appliances, such as lamps, dishwashers, refrigerators, fans, microwaves and coffee makers.

Matter standard compatibility

The Nest is compatible with the Matter standard, which means it works seamlessly with most popular platforms such as Tuya, Apple Home, Google Home, Samsung SmartThings and Amazon Alexa. So you can add it to the ecosystem you use every day and conveniently manage all your devices from a single app!

Voice control

Don't have a smartphone handy, but want to turn on the lights or turn on the air conditioner? No problem - the Nest is compatible with Amazon Alexa and Google Assistant voice assistants. So you can control your devices with simple commands - just a few words!

Even more possibilities

Keep everything under control and save on your electricity bill. Nest also allows you to monitor your energy consumption in real time, so you can adjust the operation of your devices to optimize them. Say goodbye to high charges! What's more, if there's a power outage, the product will automatically restore the previous settings once power is restored.
