

Smart Plug NEO NAS-WR01W Wi-Fi

Smart Plug NEO NAS-WR01W Wi-Fi

Ref: 6924715900988

NEO NAS-WR01W Wi-Fi Smart Nest.

Make it easy to control your devices and conveniently operate them remotely. The NEO smart socket will allow you to do so! With it, you will gain the ability to control connected equipment via an app, and it is also compatible with the Tuya ecosystem and Google Assistant and Amazon Alexa voice assistants. What's more, the product is very easy to set up and connects via Wi-Fi - you don't need any additional gateways.

Refined in every detail

The Nest is distinguished by its very compact design - its dimensions are only about 65 x 43 x 43 mm, so it won't take up too much space. In addition, thanks to the Plug&Play system, it is very simple and convenient to use. You also do not have to worry about safety. The product is equipped with overload protection, and its housing is made of flame-retardant plastic.

Convenient control of devices

Did you happen to forget to turn off the light before leaving for work? Or maybe you want to turn on the coffee maker or rice cooker before you get home? No problem - the NEO outlet will allow you to remotely control your connected devices from anywhere. All it takes is a few clicks on your phone! You can also set the selected equipment to automatically turn on or off after a certain time.

Even more remote control options

Nest is compatible with Tuya Smart, so you can easily add it to your ecosystem. It also works perfectly with Google Assistant and Amazon Alexa, allowing you to control connected devices with your voice. Now you can turn on the TV or turn off the lights with just a few words!
