

## Duracell USB cable for Micro-USB 1m (Black)

Ref: 5056304310296

Duracell USB cable for Micro-USB 1m (Black)

Duracell USB to Micro USB cable 1m (black)

The USB to micro USB cable by Duracell will allow you to conveniently charge your chosen devices and transfer files at speeds of up to 480Mbps. Its length is 1m, so you can easily use the equipment connected to it. The product is also distinguished by exceptional durability and resistance to wear and tear.

### Transfer files in the blink of an eye

Do you often transfer photos between devices? Or do you happen to copy various documents? Duracell cable will help you with this! The product allows you to transfer files at speeds of up to 480Mbps. Thanks to this, you don't have to wait too long until all the photos or videos you need are at their destination!

### Impressive charging performance

Don't wait until your devices are ready to use again. The Duracell cable will charge them with an amperage and voltage of up to 2.4A / 5V! This means that with its help you will renew the energy of your smartphone or tablet in no time. Enjoy faster charging and save time!

#### Thoughtful design

This practical cable will serve you well for a long time. The double nylon braid and Dupont Kevlar fiber protect it from damage and increase its durability, while the durable connectors are extremely resistant to wear and tear. Also noteworthy is the copper cable, which guarantees reliable product performance.

#### Wide compatibility

With the Duracell cable you will easily charge most devices equipped with a micro USB port. For example, the product is fantastic for charging smartphones, tablets, wireless speakers, desk fans, headphones and more. With Duracell you can say goodbye to limitations!
