

Duracell Wall Charger USB-C 20W (black)

Ref: 5056304310210

Duracell Wall Charger USB-C 20W (black)

Duracell USB-C mains charger, 20W (black)

Save your time with the Duracell mains charger. The product allows fast charging and has a USB-C port, so you can renew the power of most popular devices with it. The slim and ergonomic design sits perfectly on the wall, and the soft-touch material ensures a firm grip when unplugging and plugging in the charger.

Fast charging

Enjoy even faster charging with the Duracell charger! The product will charge your smartphone, tablet or powerbank up to 4 times faster than a standard charger! It also supports the 20W Power Delivery fast charging protocol. Now you only need a few moments to restore energy in your equipment!

Fits a range of devices

You don't have to worry about compatibility issues! The charger works perfectly with most popular devices available on the market. You can use it to charge smartphones and tablets of different brands without any problems. You will also use it to renew energy in wireless headphones or a powerbank.

Compact design

The compact size of the Duracell charger increases the comfort of use. The product was made of gentle and ergonomic materials and features a high level of durability. It will certainly serve you for a long time!

Safe use

Duracell mains charger allows not only fast, but also safe charging. The device provides multi-level protection, including protection against overheating, overcharging and overvoltage. So you can be sure that your devices will not be damaged.
