TESSAN Power strip TS-302-C-GR

Ref: 6975799318732

TESSAN Power strip TS-302-C-GR

The TESSAN TS-302-C-GR power strip is perfect for use at home, in the office, or in a dormitory. Thanks to its compact design, it helps save valuable space and facilitates keeping things organized. It offers four AC outlets, two USB-A ports, and one USB-C port, meaning you can connect up to seven devices to it simultaneously. Moreover, the long, 2-meter cable allows you to place it wherever you want without any hassle.

Up to 7 Devices Simultaneously

Forget about limitations. The TESSAN power strip enables simultaneous powering of up to seven devices - you have four AC outlets, two USB-A ports, and one USB-C port at your disposal. This allows you to easily connect your smartphone, tablet, laptop, monitor, speakers, lamp, and more! Make organizing your desk space easier and enjoy the tidiness.

Enhanced Construction

Despite its great capabilities, the strip is relatively small - its dimensions are only 111 x 111 x 40 mm. This means it doesn't take up too much space! Moreover, you can either simply place it on your desk or table, or mount it on the wall to save even more space. But that's not all. The well-thought-out construction of the strip allows you to plug in even large plugs and adapters without obstructing access to the remaining outlets.

Energy Saving

The strip is equipped with a practical switch that allows you to disconnect the power at any time. This means you don't have to worry about your devices consuming electricity when you're not using them. Take care of lower energy consumption in your home and save on bills!
