

Projector BlitzWolf BW-VP1 Pro

Projector BlitzWolf BW-VP1 Pro

Ref: 5907489606462

BlitzWolf BW-VP1 Pro Projector

The BW-VP1 Pro projector allows you to watch movies or play games on the big screen comfortably. The brightness of 2800 lumens and 720p resolution will provide an eye-friendly, high quality picture. With the built-in speaker, the device will also let you enjoy the highest quality stereo sound. The abundance of available ports provides a wide compatibility of the projector. BW-VP1 Pro also allows you to adjust the size, position, and sharpness of the image.

Wide compatibility

The device is equipped with several different ports such as AV, USB, Audio, HDMI and VGA. This makes it compatible with most popular devices, including laptops, computers, DVDs, speakers, PS3 and PS4 consoles, as well as portable drives and TV Boxes. You can also connect the projector to your smartphone - wirelessly or, in the case of iPhones, also wired via a USB cable. No additional hubs or apps are required.

Image at the highest level

Enjoy the excellent quality, smooth picture that 720p resolution provides. Watch series and movies comfortably. You can also use the projector to play your favorite games. It also supports 1080p video playback and automatically converts to 720p. What's more, the high brightness and 2000:1 Contrast Ratio provide even better picture quality. The BW-VP1 Pro is sure to live up to your expectations!

Tailored to your needs

The built-in knob allows you to perfectly adjust the projected image. You can conveniently adjust its sharpness and position. You can easily correct any distortion. Besides, the BW-VP1 Pro lets you adjust the distance and size of the projected image from 92-295cm and 28-100". In addition, the LED lighting with a lifespan of 50,000 hours is eye-friendly and comfortable.

It is perfect for your home

The projector is extremely light - it weighs only 1.1kg. It will not take up too much space in your home - its dimensions are only 197.8x152x74.5mm. You can easily place it where you need it. You can place it in any position and place it anywhere. Place it on a table or mount it on a stand. You can also hang it from the ceiling!
