

## ONIKUMA X15 PRO Gaming headset Cat (Black)

ONIKUMA X15 PRO Gaming headset Cat (Black)

Ref: 6972470562583

ONIKUMA X15 PRO black/cat ears gaming headphones

Stock up on stylish gaming headphones that not only help you gain an edge during gameplay, but also decorate your space in an interesting way. The ONIKUMA X15 PRO guarantee fantastic sound quality thanks to 50-millimeter drivers, and make it easy to communicate with other players - they offer an adjustable omnidirectional microphone. They are also distinguished by their ergonomic design, colorful RGB backlighting and original decoration in the shape of cat ears.

Higher level of immersion

Want to become even more immersed in gameplay? With X15 PRO you will experience an unforgettable experience! The headphones use 50mm drivers that deliver rich, crisp sound. As a result, you will accurately hear all the details, for example, the steps of opponents or shots. Enjoy full immersion and at your own desk feel like you are in the center of exciting events!

Free communication with other players

Anyone who often plays online games certainly knows how important it is to communicate properly with other players. The X15 PRO headphones will come in handy for this as well - they offer an adjustable omnidirectional microphone that will reliably and accurately record your voice. So you can talk to your friends without any problems, plan your next game or warn other team members of danger.

Designed with gamers in mind

Are you looking for equipment that will not only surprise you with functionality, but also look great? The X15 PRO headphones are sure to please you! They are equipped with colorful RGB backlighting, which, combined with the transparent headband, looks really amazing and gives them a unique character. They also have an unusual decoration in the shape of cat ears - it gives them an even more unique style!

Comfort for hours of gameplay

Play as long as you want - with the X15 PRO you don't have to worry about discomfort. The headphones offer soft earcups made of protein leather, which fit perfectly on the ears and feature high wear resistance. In addition, the adjustable headband allows you to optimally adjust them to your individual needs. All this adds up to unparalleled comfort even during prolonged games!
