Wi-Fi + Bluetooth smart socket LDNIO SEW1080 (white)

LDNIO SEW1080 Wi-Fi + Bluetooth smart outlet (white)

Do you want to create a Smart Home? With the LDNIO smart outlet it will be possible! It will provide you with a number of useful functions including a smart reminder function or power measurement. What's more, you will easily connect to it via Wi-Fi. With LDNIO, equally controlling your home appliances and saving energy will be very easy!

Easy control

The LDNIO SEW1080 is an advanced 2,500-watt smart outlet that provides convenience, control and security with a host of features. The device is equipped with Wi-Fi connectivity (2.4 GHz) for remote control and voice control, working with voice assistants such as Amazon Alexa, Google Assistant, Baidu Xiaodu, Xioazhi Butler and Yandex Alice.

Universal

With an input of 100-250 V 50/60 Hz with a maximum current of 10 A, the LDNIO SEW1080 outlet is universal and suitable for powering a variety of electrical devices. In addition, it has a reminder function to turn off an electrical appliance when the operating time reaches a preset value, thus saving energy and increasing safety.

Saving

One of the LDNIO SEW1080's advanced features is power metering, which allows you to monitor the power consumption of connected devices. This allows you to consciously manage your energy consumption, resulting in lower electricity bills.

#### Security

The LDNIO SEW1080 outlet was created with safety of use in mind, which is why it is equipped with a fireproof housing that protects the device from damage caused by high temperatures. This makes the LDNIO SEW1080 smart outlet not only efficient, but also safe for users and their homes.
