Wall charger McDodo GAN 3xUSB-C + USB, 100W + 2m cable (black)

Gain the ability to charge your devices even faster and more conveniently. The McDodo CH-5141 GAN wall charger provides a power output of up to 100W, allowing you to charge even two laptops simultaneously. Moreover, it comes with 4 ports (3x USB-C, 1x USB-A), so you can connect up to 4 devices at the same time. The product is also known for its wide compatibility and utilizes advanced GaN technology. The package includes a 2-meter USB-C to USB-C cable.

Impressive Power

This charger offers an impressive power output of up to 100W, allowing you to charge your devices in the blink of an eye. With its help, you can easily charge even two laptops simultaneously, without waiting for one to be ready before connecting another.

Charge 4 Devices Simultaneously

Need to charge more devices? No problem! This charger provides you with up to 4 ports - 3x USB-C and 1x USB-A. This means you can quickly and conveniently charge up to 4 devices at the same time! The CH-5141 model also boasts wide compatibility, allowing you to charge devices such as smartphones, laptops, portable gaming consoles, or wireless headphones without any issues.

Precision in Every Detail

This charger utilizes innovative GaN technology, which not only enhances its efficiency but also reduces its size. So you can have it always within reach! The product also ensures safety during use, as it is equipped with an advanced protection system. But that's not all – the charger is compatible with a universal voltage standard, allowing you to use it effortlessly in many countries around the world. It's the perfect travel companion!
