ONIKUMA L1 Gaming speaker (Black)

## Onikuma L1 gaming speakers (black)

The Onikuma L1 gaming speakers combine excellent sound quality with outstanding performance to give you an unforgettable gaming experience. With a total power of 10 watts, they can fill a space with sound, delivering dynamic and clear sound. With the latest version of Bluetooth 5.3, they offer a stable and fast connection, and the colorful backlighting created a unique atmosphere at your workstation.

## Get carried away by the gameplay

Feel as if you are in the heart of the gameplay, where every sound is clear, precise and full of excitement! Onikuma speakers deliver great sound quality that takes you right into the middle of the action. With 5W x2 power, they deliver powerful sound that fills the space around you, surrounding you with sounds from every direction.

## Increase your immersion level

Discover new ways to personalize your gaming station! The Onikuma L1 speakers feature colorful RGB backlighting, which will help you create an amazing mood during long gaming marathons. With a choice of different backlighting modes, you can customize the light to suit your mood or gaming style.

Hassle-free operation
