Kabel USB do lightning Mcdodo CA-3581, 3A, 1.8m (czarny)

USB to Lightning Mcdodo CA-3581 cable, 36W, 1.8m (black)

The Mcdodo CA-3581 USB to Lightning cable is a solution that enables super-fast charging of devices with up to 36W of maximum power. Thanks to the proprietary MSC (Mcdodo Smart Charging) chip, the cable intelligently adjusts the charging process to the needs of the connected device, ensuring optimal efficiency and reducing the time it takes to fully charge the battery. It also comes with Magic Tape, which allows the cable to be easily clipped and organized, which is especially useful when carrying or storing.

### Design and durability

The cable's modern design, combined with an aluminum alloy finish, not only gives it a sleek look, but also provides excellent heat dissipation, which is crucial for the safety and durability of the device. The cable's double-reinforced connection to the plug and improved flexible braid guarantee exceptional resistance to bending and damage, extending the life of the cable.

### Safety first

The CA-3581 is equipped with a 7-stage safety system that protects against overheating, overvoltage and overcharging, ensuring safe use of both the cable and the devices connected to it. This level of protection is a guarantee of peace of mind for all users.
