

Shoulder Bag PGYTECH OneGo Solo V2 6L (Obsidian)

Shoulder Bag PGYTECH OneGo Solo V2 6L (Obsidian)

Ref: 6976100485181

PGYTECH OneGo Solo V2 6L Shoulder Photo Bag (black).

Make it easy to transport your essential photography gear. The PGYTECH OneGo Solo V2 shoulder bag is sure to appeal to photography enthusiasts - it combines functionality with a minimalist, stylish design. It is made of durable PU-coated material, which makes it very durable and splash-resistant. The wide opening provides convenient access to the devices placed inside, while numerous pockets and compartments allow perfect organization of space.

Convenient access to your equipment

With PGYTECH, you don't have to worry about missing an opportunity to take the perfect shot. The OneGo Solo V2 photo bag opens very wide, so you can find and pull out the gear you need in no time. This is perfect for photographers who often work in the field!

Optimal organization of space

The OneGo Solo V2 bag will help you properly organize your space and keep you organized. It offers plenty of pockets and compartments where you can store the necessary cables, powerbanks, batteries and even your iPad. The 6L model will fit either a camera and 2 lenses, or a DJI Mini, Mavic or Air drone with necessary accessories. There are also 2 special DIY dividers, with which you can easily customize the interior of the bag - set it up the way you want it!

Practical pockets

Want to have spare batteries on hand? No problem - the OneGo Solo V2 bag offers several small pockets that are perfect for storing them. You'll also find colorful badges (green and red) that can act as screwdrivers. Use them to mark the battery charge level! There's also space for a pen, a magnetic pocket to store cables or hard drives, among other things, as well as mesh pockets for filters or a computer mouse.

Robust construction

Thanks to the use of high-quality PU-coated materials, the bag is very durable and resistant to damage, such as scratches. It is also unafraid of splashes. This means you don't have to worry about the safety of your equipment during transport! What's more, the bag is equipped with durable zippers, which stand out for their extremely long life and guarantee smooth operation. There is also a special loop to prevent theft.

Even more conveniences

The OneGo Solo V2 is equipped with a special buckle that allows quick adjustment of the strap length. You can also freely wear it on either the left or right shoulder. Its additional advantage is a soft EVA pad, which reduces pressure and provides greater comfort. In addition, the practical handle makes it easy to carry the bag, and the straps on the bottom of the bag allow you to conveniently transport additional equipment, such as a tripod. There is also a small AirTag pocket, a collapsible water bottle pocket and a front zippered compartment, which is ideal for storing a smartphone, payment cards or keys.
