

## Chest Band Sunnylife for Action Cameras (XD742)

Ref: 5905316149830

Chest Band Sunnylife for Action Cameras (XD742)

Sunnylife chest harness for sports cameras (XD742)

The Sunnylife XD742 Chest Brace is a high-quality accessory dedicated to physical activity and filming enthusiasts who want to record their adventures from a unique perspective. This product is ideal for those looking for a stable and versatile solution for attaching a sports camera.

Materials and construction

Made from a combination of elastic band and durable plastic, the XD742 brace weighs only 185g, making it comfortable even during prolonged use. The elasticity of the brace ensures a perfect fit and stability, which is crucial during dynamic movements.

Versatile use

The kit includes a chest strap and a 1/4-inch screw, allowing easy attachment of various sports cameras. This makes the Sunnylife XD742 harness suitable for a wide range of scenarios, such as running, cycling, vlogging, and skateboarding. The 360° adjustable swivel base allows the camera to be positioned at any angle for optimal framing.

Functionality and adaptability

The harness offers the ability to handle images in both horizontal and vertical positions, increasing its versatility. With the option to add a

suitable adapter, the brace can also serve as a phone holder, which is an added advantage. The elastic band is easily detachable, making it easy to clean or replace.

#### Personalization and comfort

The chest strap is fully adjustable, with the ability to fasten with five buckles, allowing for a precise fit for different silhouettes. This design not only guarantees the safety of the attached camera, but also provides the user with comfort and freedom of movement.

#### Included

1x chest strap  
1x 1/4 inch screw
