Head Strap Sunnilyfe for Action Cameras (TD672-GY)

Sunnilyfe head mount for sports cameras (TD672-GY)

The Sunnilyfe head mount model TD672-GY is an essential gadget for sports and outdoor activity enthusiasts who want to document their experiences while keeping their hands free. Lightweight, durable and comfortable, it is ideal for anyone who wants to capture their adventures from a first-person perspective.

Design and materials

Designed with convenience and functionality in mind, the TD672-GY mount weighs only 96 grams and is made of a flexible band combined with sturdy plastic. This makes it both durable and comfortable even with prolonged use. The elasticity of the material ensures a perfect fit to the shape of the head.

Versatility and adjustability

The mount is compatible with most sports cameras, making it a versatile tool for a variety of activities. It can be used in many scenarios - from blogging, cycling and skateboarding to running or kayaking. The 360° adjustable swivel base allows for precise camera positioning to guarantee shots from the optimal angle.

Comfort and personalization

The head strap is easy to adjust, and can be fastened vertically and horizontally with two buckles, allowing a perfect fit for different head sizes and shapes. The soft, flexible headband guarantees wearing comfort, and the ability to easily detach it makes it easy to clean and replace.

Application and functionality

With the ability to support horizontal and vertical shooting, the TD672-GY mount provides a flexible solution that adapts to the user's needs for the best POV shots. Such features make this mount an ideal choice for those who want to document their experiences from a dynamic perspective while maintaining full freedom of movement.
