

Mount with strap Sunnylife for DJI RC / RC 2 controller (red)

Ref: 5906168433542

Mount with strap Sunnylife for DJI RC / RC 2 controller (red) ZJ764-R

Holder with lanyard Sunnylife for DJI RC / RC 2 controller (red, ZJ764-R).

The Sunnylife accessory will serve as your controller holder and make it easier to use your device. Thanks to the practical, adjustable lanyard, you will successfully hang your DJI RC or DJI RC 2 around your neck. The non-slip, robust design of the product ensures the safety of the device. In addition, the handle is adjustable - so you can set the controller on it at any angle.

Many possibilities of use

With Sunnylife you do not have to limit yourself. You can successfully use the product in many ways. Thanks to the lanyard, the length of which can be adjusted from 62.5 to 80 cm, you can comfortably hang the controller around your neck. If you don't want to use the lanyard at the moment, you can still comfortably carry the DJI RC or DJI RC 2 using the hook. The accessory also allows you to rest the device around your waist for easy handling. It is also possible to place the controller on a flat surface, freeing up your hands.

Sturdy construction

A durable aluminum alloy was used for the hook, which was CNC machined. In turn, the lining was made of microfiber, and the strap was made of PU leather. The materials used helped ensure resistance to damage, so you can be sure that the product will serve you for a long time. In addition, the non-slip grip makes it easy to carry the controller. The product was designed with DJI RC and DJI RC 2 models in mind, so it does not block access to ports.
