Triple Suction Cup Car Mount Sunnlylife for cameras, phones etc. (ZJ771)

Ref: 5906168433627

Sunnlylife car mount with triple suction cup for cameras, phones, etc. (ZJ771)

Sunnlylife car mount model ZJ771 is a high-tech device designed for safe and stable mounting of cameras, phones and other devices weighing up to 5 kg. Its modern solutions and compatibility with popular cameras make it an ideal choice for those who value functionality and reliability.

Material and durability

Made from a combination of TPU, fiberglass-reinforced nylon (nylon+GF) and aluminum alloy, the ZJ771 mount combines light weight with high strength. It weighs 599 grams, and its sturdy design allows it to safely hold devices weighing up to 5 kg.

Compatibility and application

The ZJ771 is compatible with various camera models, including Insta360, ACTION, GoPro, Sjecam, etc. This allows users to use it for a wide range of applications, from filming action scenes to capturing peaceful landscapes while driving.

Functionality and safety

The innovative triple suction cup design provides a strong and stable hold, minimizing the risk of accidental falling off. The mount also offers 360° rotation of the device, allowing you to easily adjust the viewing angle. Thanks to the use of a soft rubber layer, the suction

cup does not scratch the surface on which it is mounted, thus protecting the car body from scratches.

Versatility of mounting

The ZJ771 mount can be mounted in various places, such as the side or windshield and the car door, which increases its versatility and allows you to adjust it to your individual needs. See for yourself what else Sunnlylife can offer you!
