

Smartwatch QCY WATCH GS (grey)

Ref: 6957141408629

QCY WATCH GS smartwatch (gray).

Get reliable support on a daily basis. The QCY WATCH GS smartwatch features a high-end 2.02" TFT HD display with a refresh rate of up to 60 Hz. The device offers many practical functions - it allows you to monitor your health and sports achievements. It also supports Bluetooth connections and guarantees constant access to notifications. Its operating time reaches up to 10 days on a single charge. The watch is compatible with Android 8.0 or iOS 13.0 and later.

TFT HD display

The QCY WATCH GS smartwatch impresses with a classic yet modern design that matches any style. Its 2.02-inch HD TFT display with 60Hz refresh rate guarantees smooth and sharp images, which, combined with a 78% screen-to-case ratio, guarantees excellent visibility and comfort. It is possible to personalize the appearance of the dial - just choose from more than 100 possibilities, which are available in the QCY APP. You can even upload your own photo!

Achieve the shape of your dreams

Get extra motivation to exercise. The QCY WATCH GS smartwatch offers advanced health and activity monitoring technology. You can choose from 100 sports modes, safe in the knowledge that the device will accurately track your every move, noting distance traveled, calories burned and other statistics such as the number of calories consumed.

Keep your hand on the pulse

The WATCH GS model is equipped with advanced sensors that monitor heart rate, blood saturation, sleep quality, and help manage stress through breathing tests and exercises. The smartwatch can also act as a menstrual calendar. In addition, it will notify you when you stay sedentary for too long and encourage you to be active.

Always ready for action

Thanks to its innovative power management, the QCY WATCH GS smartwatch offers up to 10 days of operation on a single charge in base mode or up to 4 days with intense activity. In addition, the device is IPX8 waterproof, so sweat or rain won't harm it. As a result, you can use it during intense workouts or outdoor activities without worry.

Stay connected at all times

With Bluetooth support, the QCY WATCH GS allows you to take phone calls directly from your wrist. Message notifications will help you stay connected no matter where you are.

Practical features

The QCY WATCH GS smartwatch offers a number of functions to help you perform your daily activities. The watch allows you to remotely control your camera shutter, check the weather and set alarm clocks. A function that allows you to locate your phone will also be at your disposal.
