### APEXEL APL-52UV-7F 52mm 7-in-1 Lens/Filter Kit for Phones

Discover a new quality of mobile photography with the APEXEL APL-52UV-7F 52mm 7-in-1 lens/filter kit. Thanks to its easy installation and wide range of filters, this kit is the perfect solution for anyone wanting to take their photos to the next level without sacrificing the convenience of using a phone. It includes color filters, CPL, ND, and Star+6 filters, allowing for creative experimentation with color, light, and special effects. Fully equipped, including a case, cleaning cloth, and user manual, the APEXEL kit is not only versatile but also convenient for transport and use.

### Easy Installation

Installing the APEXEL APL-52UV-7F kit is incredibly easy, allowing you to quickly adapt your phone to your current photographic needs. Thanks to the intuitive lens holder, even beginner photographers can easily attach their chosen filter, making the kit ideal for users at any skill level. The simplicity of installation encourages experimentation with different filters, offering broad possibilities for creative expression.

### Color Filters

The kit includes four color filters: blue, red, orange, and yellow, opening new perspectives in color manipulation for users. Each filter allows for the achievement of unique effects, from enhancing blue skies to highlighting warm tones at sunset. Color filters are not only

tools for creative expression but also improve photo quality in challenging lighting conditions.

#### CPL and ND Filter

The CPL (polarizing) filter is key to eliminating unwanted reflections and enhancing contrast in photos with a lot of water or glass, while the ND32 filter allows for long exposure photography even in bright conditions, ideal for creating smooth water effects or moving clouds. Both filters significantly expand the photographic capabilities of your phone, allowing for the realization of ideas previously reserved for advanced cameras.

#### Star+6 Filter

Completing the set is the Star+6 filter, which adds a magical glow to photos, making city night lights or sun reflections on water take on a unique character. All this, along with a practical case, cleaning cloth, and user manual, makes the APEXEL APL-52UV-7F kit an essential accessory for every mobile photography enthusiast.
