

Filter MCVU K&F Concept for Hero 9 / Hero 10 / Hero 11

Ref: 6942052505154

Filter MCVU K&F Concept for Hero 9 / Hero 10 / Hero 11

K&F Concept MCVU filter for GoPro Hero 9 / Hero 10 / Hero 11.

Take care to protect the lens of your Go Pro Hero 9, 10 or 11 camera when you're recording spectacular shots underwater or in the field. The MCVU filter by K&F Concept will protect it from damage while providing excellent image quality. Its surface has been additionally blackened to minimize glare. The accessory was created from AGC optical glass and aluminum alloy, so it is very durable, yet lightweight - it will not affect the operation and use of the camera. In addition, the multi-layer nano-coating eliminates reflections and prevents dust and water from settling on the filter, making it much easier to clean.
