Wall charger GaN Rocoren 3x USB-C, 1x USB, Power Delivery 3.

Ref: 6975266731873

Wall charger GaN Rocoren 3x USB-C, 1x USB, Power Delivery 3.0, 100W (black)

Wall charger GaN Rocoren 3x USB-C, 1x USB, Power Delivery 3.0, 100W (black)
Charge up to 4 devices simultaneously and save time. The Rocoren wall charger offers 4 ports (3x USB-C, 1x USB-A) and supports various fast charging standards. Its maximum output power reaches 100W, translating to impressive performance. Furthermore, the product utilizes GaN technology, ensuring not only high efficiency but also featuring a lightweight, compact design.

Fast Charging
The charger's maximum power output is up to 100W (on USB-C1 or USB-C2 port), so you don't have to wait too long for your device to be charged. The product also supports several fast charging standards, including PD3.0, PD2.0, PPS, QC5.0, QC4.0+, QC3.0, QC2.0, AFC, FCP, and SCP. You can quickly charge your phone, portable gaming console, or even a laptop in no time! Moreover, the charger automatically adjusts current parameters to the requirements of connected devices.

Charge 4 Devices Simultaneously
The charger is equipped with 4 ports - 3x USB-C and 1x USB-A. You can connect up to 4 devices at the same time! This means you don't have to wait for one to be ready for use before connecting others, making it easier to keep your desk tidy. It's also worth noting that thanks to the high power of the product, you can simultaneously charge two laptops (on USB-C ports).

Modern Solutions

Thanks to the use of GaN technology, the Rocoren charger offers an excellent combination of high power, efficiency, and compact size. The product also ensures user safety - it has been equipped with protection against, among other things, overvoltage, overcurrent, overheating, and overload. Don't worry about it getting damaged quickly! The charger also has a built-in LED indicator, providing you with information about its operation status and making it easy to locate it in the dark.

Perfect for Travel

The dimensions of the charger are only 65 x 101 x 33 mm, so you can take it with you almost anywhere. It won't take up much space in your purse or backpack! Moreover, compatibility with voltage 110-240 V allows you to use it without any problems in most countries worldwide - even abroad. All this makes it an ideal travel companion.

Manufacturer
