TWS Lenovo XT83 headphones

High sound quality, reliable connection and ergonomic design are just some of the advantages of TWS Lenovo XT83 headphones. The long-lasting battery ensures long runtime, and the dynamic 13mm drivers let you enjoy clear, richly detailed sound. What's more, thanks to IPX5 water resistance, you can also listen to music while working out or when it's raining.

Long runtime

Listen to music for as long as you want. The headphones have a runtime of up to 3.5 hours on a single charge or up to 100 hours in standby mode. To recharge them, it only takes about an hour! The included case is equipped with a 250 mAh battery, and it can be conveniently charged using the built-in USB-C port.

Ergonomic design

The headphones have been designed to provide you with maximum comfort. They are extremely lightweight - each weighs only about 3.5 grams. What's more, thanks to their ergonomic design, they fit perfectly in your ears and do not press them. So you can listen to music for as long as you want without worrying about fatigue!

Seamless connection

Say goodbye to transmission problems. Bluetooth 5.0 provides an extremely fast and stable wireless connection with a long range. It also guarantees high resistance to interference - no more poor signal quality! Also noteworthy is the low latency, which allows you to enjoy perfect synchronization of video and audio - now you can comfortably watch movies or play games!

Fantastic sound

Discover your favorite songs in a new and better quality. The headphones are equipped with dynamic 13 mm drivers, so they guarantee rich details and clear, delightful sound. What's more, with Lenovo you can enjoy phenomenal sound not only while listening to music, but also when you're talking on the phone!

Ideal for athletes

Do you often exercise and try to lead an active lifestyle? XT83 will be perfect for you! They feature IPX5 water-resistance, so you can use them on a workout without any worries - they are not intimidated by sweat or rain. The headphones are also extremely convenient to use - thanks to built-in touch panels, you can easily use their basic functions without having to reach for your phone!
