

Rockbros cycling cycling sleeves XT9002W (white)

Rockbros cycling cycling sleeves XT9002W (white)

Ref: 5905316145436

Rockbros cycling sleeves XT9002W (white).

Provide excellent protection from the sun and enjoy greater comfort during cycling trips on hot days. The Rockbros XT9002W cycling sleeve in universal size is made of durable, stretchable materials and quickly wicks away sweat to keep you dry for a long time. The accessory is also distinguished by its stylish, modern design. It also guarantees protection from the wind.

High quality workmanship

The sleeve is made of the highest quality materials, which are distinguished by high strength, stretchability and flexibility. As a result, it is resistant to damage and does not mold. The accessory is also very pleasant to the touch and adheres well to the body. In addition, strong stitching ensures that the sleeve does not slip from your hand and stably stays in place.

It will protect you from the sun

Planning a bike tour on a warm sunny day? Provide yourself with adequate protection! Rockbros sleeve was created from breathable material, so it effectively prevents sweating and stays dry for a long time. It will protect your hands from the sun and allow you to avoid sunburn. It will also provide a feeling of pleasant coolness. Great for cycling, running and more!
