

Osmo Action 3 ND Filter Kit

Osmo Action 3 ND Filter Kit

Ref: 6941565962447

Osmo Action 3 ND Filter Kit

The included ND filters (ND8/16/32) will be perfect for recording in strong light and bright environments, such as snowy slopes. You will successfully use them during a skiing trip, for example! With their help you can shorten the shutter speed to get more motion blur and more interesting visual effects. The filters are made of high-grade Corning Gorilla Glass with AF coating, which gives them reliable protection against dirt. They are also very easy to install.
