Membrane Gaming Keyboard Havit KB877L

Havit KB877L Membrane Gaming Keyboard.

Looking for the perfect keyboard for your gaming setup? The Havit KB877L is just what you need! Its compact design with 61 keys will make it fit easily on any desk. Multimedia keys will enhance your capabilities, and RGB backlighting with 19 effects will give your setup a unique touch.

Precise control

The Havit KB877L is your key to achieving ultimate control over your gameplay! The keyboard is equipped with 61 roll-over keys, which means you no longer have to worry about limitations during intense gameplay. Now you can easily press multiple keys at the same time without worrying about interrupting or losing commands. With this feature, you are assured that your every command will be recorded accurately, allowing you to achieve full control of the game and stay ahead of the competition.

Even more convenient operation

Discover exceptional user comfort! The KB877L offers multimedia keys that will make using your computer even more convenient. With them, you can freely adjust the volume or manage music playback without interrupting your work or game. Turn on your favorite music, pause a movie or adjust the volume of the sound during gameplay - all this is now at your fingertips!

The magic of colors on your desktop

Immerse yourself in a world of colors with the Havit KB877L. The keyboard features colorful RGB backlighting that will light up your gaming station. With 19 RGB backlighting effects to choose from, every game becomes a real spectacle. Now you can customize the lighting according to your mood or preferences, creating unique and colorful effects that will set you apart from other gamers.

Reliable connection

The keyboard is powered by a USB-C cable, ensuring a stable and reliable connection to your computer. This solution also eliminates any lag, which is crucial during intense games. The cable can be easily disconnected, so you can conveniently take your keyboard wherever you need it.
