Smartwatch Colmi i11 (Black)

The Colmi i11 is an easy-to-use smartwatch that offers a multitude of useful features. It allows you to choose from over 100 sports modes and can monitor heart rate, blood oxygen saturation, and sleep. It also enables Bluetooth calling, so you don't have to reach for your phone every time! The watch is equipped with a 1.4-inch HD touchscreen display, and its battery life lasts up to 7 days on a single charge. It is also IP67 waterproof.

HD Touchscreen Display

Enjoy the convenient operation of the i11 smartwatch. The i11 model features a round 1.4-inch touchscreen display with a resolution of 240x240p, providing a clear, detailed image in almost any conditions. You can also customize its appearance to your preferences by choosing from various dial designs available in the dedicated app.

Stay Connected

With the Colmi i11, you don't have to worry about missing anything important. The smartwatch will instantly notify you of all incoming messages - it is compatible with most popular apps such as Facebook, WhatsApp, and Instagram. Furthermore, the device allows you to make phone calls via Bluetooth. You can quickly reject incoming calls and respond to them with one of the default messages.

For Sports Enthusiasts

Are you trying to maintain an active lifestyle? The i11 smartwatch will help you with that! The device offers over 100 sports modes to choose from (when connected to the app) and records data such as workout duration, distance covered, step count, and calories burned. Running, cycling, dancing, or kickboxing? Choose your favorite discipline or try something new!

Take Care of Your Health

The smartwatch is equipped with a high-quality optical sensor that can accurately monitor heart rate. It also measures blood oxygen saturation and functions as a menstrual calendar, offering sleep monitoring as well. Keep track of your health, respond quickly to alarming symptoms, and enjoy good well-being!

Even More Features

The Colmi i11 also offers a host of additional features that will certainly come in handy in your daily life. The smartwatch allows you to remotely control your paired phone's music player and camera. It also functions as a timer, stopwatch, or alarm clock. You can check the weather with it, and the i11 model also supports voice assistant functionality.

Efficient Battery

Forget about the need for frequent smartwatch charging. The i11 model comes with an efficient 230 mAh battery that, when fully charged, can last for up to 7 days. In standby mode, the device can endure for up to 30 days! Charging the watch takes only about 2 hours.

Attention to Detail

High-quality materials were used to craft the smartwatch, making it very durable and resistant to damage. It also features IP67 waterproofing, so you don't have to remove it from your wrist when washing your hands or in rainy weather! Furthermore, the use of skin-friendly materials ensures there are no worries about potential allergic reactions.
