Colorful Photo LED Stick PULUZ with Remote Control (PU460B)

Ref: 5906168430435

Colorful Photo LED Stick PULUZ with Remote Control (PU460B)

Colorful Photo LED Stick PULUZ with Remote Control (PU460B)
Ensure proper lighting for your photos or recordings with the PULUZ PU460B photographic lamp. It is equipped with high-quality LED diodes and allows you to adjust the color, brightness, and color temperature of the light. Convenient control is provided by built-in buttons and the included remote control. Furthermore, the device operates wirelessly - the 2600mAh battery ensures long working hours. The lamp also stands out with a high color rendering index (CRI 95+), and you can mount it on a tripod using the 1/4'' opening, for example.

The Lighting You Need
The PULUZ PU460B lamp produces high-quality light with a color rendering index (CRI) of 95+. This guarantees stunning and natural effects. You can also adjust the color and color temperature of the lighting within the range of 3200-5600K. Additionally, it offers a 12-step brightness adjustment (up to 1000 lm). The light beam angle provided by the lamp is 120°, and its lifespan reaches 50,000 hours.

Long Working Hours
Say goodbye to tangled cables and enjoy freedom. The PU460B lamp operates wirelessly and is equipped with an efficient 7.4V 2600mAh battery. This allows it to work from 2 up to 32 hours on a single charge! To charge the device, use the USB cable included in the package.

Well-Thought-Out Design
Durable, high-quality materials were used to make the lamp, ensuring its durability and resistance to damage. The charging port of the device is equipped with a special plug that protects it from water, and the conveniently placed buttons allow for easy adjustment of light parameters. The PU460B model also has a built-in 1/4'' opening, allowing you to mount it on a tripod. You can also hang the lamp, for example, on a strap.

Included Remote Control
The package also includes a practical remote control that allows for convenient remote operation of the lamp. With its help, you can easily turn it on or off, adjust the brightness, or change the light color. It's the perfect option for photographers and more!
