USB-C to USB-C Cable Budi 65W 1,5m (black)

Discover the revolutionary USB-C to USB-C Budi 65W cable with a length of 1.5m - a perfect combination of durability, efficiency, and modern design. Created to meet your daily challenges, this cable not only impresses with fast charging performance but also with its durability and quality. With Budi 65W, every device charging becomes faster, safer, and more efficient.

Fast Charging - 65W Power

The key feature of the Budi 65W cable is its ability to fast charge with up to 65W of power. This allows you to charge your devices much faster than standard cables. It's the perfect solution for those who need to quickly charge their device - be it a laptop, tablet, or smartphone - without compromising on performance.

Aluminum Casing and Durable Braiding

The Budi 65W cable stands out with its aluminum casing and durable braiding, ensuring not only an elegant appearance but also increasing its durability. The aluminum casing protects against mechanical damage and corrosion, while the sturdy braiding provides flexibility and resistance to tangling and tearing, making it the perfect companion for travel.

10,000 Bend Durability

Tests have shown that the Budi 65W cable can withstand up to 10,000 bends, demonstrating its durability. This means that the cable will remain reliable even with intensive use, without the risk of cracking or damage, which is a common issue with standard cables.

Copper Core

The cable core is made of high-purity copper, providing better conductivity and lower electrical resistance. This allows the cable to efficiently transmit power, resulting in faster and more stable device charging. It also ensures a lower risk of overheating during use.

Universality and Compatibility

The Budi 65W cable, with a USB-C to USB-C interface, is a universal solution compatible with a wide range of devices. The 1.5m cable length offers convenience in everyday use - it's a solution for those who value both quality and universality.
