

Tempered Glass and PET Film Sunnylife for Insta360 Ace

Ref: 5905316149779

Tempered Glass and PET Film Sunnylife for Insta360 Ace

Tempered Glass and PET Film Sunnylife for Insta360 Ace

Take care of the safety of your Insta360 Ace camera. The Sunnylife protective set includes tempered glass for the screen and lens of the device, as well as a PET shield for its second display. All accessories are very easy to install and guarantee reliable protection against damage. The high hardness (9H) tempered glass effectively protects the camera screen from scratches or cracks, and also provides resistance to fingerprints, dust, and oily smudges. It does not affect the comfort of using the device. It allows for convenient touch operation and, with 99% light transmittance, ensures clear images and vibrant colors.
