Smartwatch QCY WATCH GT (grey)

Are you looking for a functional smartwatch that will perform excellently in your daily life? Opt for the Watch GT model from the QCY brand! This device supports Bluetooth phone calls and offers over 100 sports modes to choose from. It can also monitor your heart rate, sleep, and much more. It comes equipped with a round Retina AMOLED display with a brightness of up to 1000 nits, and its battery life lasts up to 10 days on a single charge. It is distinguished by its elegant, durable construction and IPX8 waterproof rating.

1.43" AMOLED Screen with Always-on Display Function

Enjoy the convenient operation of the smartwatch and fantastic image quality. The Watch GT model offers a high-quality AMOLED display with a resolution of 466x466p and a refresh rate of 60 Hz. What's more, its brightness reaches 1000 nits, allowing it to perform excellently even in very bright light - you can easily see everything on it! The smartwatch also supports Always-on Display and lets you choose from hundreds of original screen patterns. Custom dials are also available, so you can further customize the device to your preferences!

Crafted in Every Detail

Durable materials such as aluminum alloy and zinc alloy were used to make the smartwatch. As a result, the device is not only very durable but also presents itself exceptionally well - it will be an incredibly stylish addition to your wrist. The watch is also IPX8

waterproof, so it can accompany you even during intense workouts and walks in the rain - don't worry about damaging it!

#### Plenty of Useful Features

The smartwatch supports Bluetooth calls, allowing you to answer your phone at any time without the need to reach for your smartphone. It's the perfect option for during workouts and more! The watch also allows you to remotely control the music player of your paired device. If you're looking for additional capabilities, try the dedicated QCY app, which offers a variety of interesting functions such as phone location, alarm clock, weather updates, stress level checking, and much more.

#### Take Care of Your Health

With the QCY Watch GT smartwatch, you can also get a better understanding of your body and prioritize your health. The watch measures your heart rate continuously for 24 hours a day and also offers sleep monitoring and SpO2 measurement. It also serves as a menstrual calendar. Keep your finger on the pulse and respond promptly to any alarming symptoms!

#### Your Personal Trainer

Are you striving to lead an active lifestyle? The QCY smartwatch will help you track your progress! The device measures distances covered, counts steps, and calculates burned calories, so you can immediately determine if you've achieved your intended goals. You also have access to over 100 sports modes. Treadmill, walking, or running? You'll undoubtedly find the ideal discipline for yourself!

#### Efficient Battery

Forget about the need for frequent smartwatch charging - the QCY Watch GT model will serve you well for a long time! The device is equipped with an efficient battery, allowing it to operate for approximately 4 days with regular daily use, or even up to 10 days in basic mode. To charge the watch, use the included magnetic cable.
