

## Smart Wi-Fi Air Purifier Meross MAP100 (HomeKit)

Smart Wi-Fi Air Purifier Meross MAP100 (HomeKit)

Ref: 6973696562104

Meross MAP100HK Smart Air Purifier (HomeKit)

Do you know how many harmful chemicals and microorganisms can be floating in the air? With the Meross MAP100 purifier you can effectively get rid of them! With 3-stage filtration, the device perfectly deals with dust, hair and pollen, for example. It works extremely quietly and is perfect for rooms of up to 19m<sup>2</sup>. You can control it remotely - using the app or voice commands. The product is compatible with Apple HomeKit and Samsung SmartThings, among others.

Effective, 3-stage filtration

What makes a purifier able to improve the air quality in your home so effectively? The unit offers 3-stage filtration. First, larger debris such as hair and dust are isolated. Next, the HEPA H13 filter traps up to 99.97% of fine particles, eliminating smoke, pollen and pollution. Finally, an activated carbon filter reduces odors, VOCs and other hazardous substances. As a result, you can enjoy excellent indoor air quality!

Easy to use

The purifier was designed to make it as easy as possible for you to use. Convenient access to its basic functions is provided by 1 button. With this button you can not only turn the device on and off, but also select one of the available speeds. With just a few clicks, you can adjust the operation of the purifier to your needs - how easy it is! If necessary, you can also quickly restore the factory settings of the

product.

#### Enjoy the benefits of remote control

Now you can conveniently operate the purifier from your smartphone. The Meross app allows you not only to remotely turn it on and off, but also, for example, create work schedules for it. So you can easily make the device take care of the air quality in your home when you go to the office. Want more? The purifier is compatible with Siri, Google Assistant, and Amazon Alexa. So you can conveniently control it with your voice - just give the right command!

#### Reliable whole room air purification

Kitchen, living room, or maybe bedroom? You decide where you want your purifier to work. The device is ideal for rooms of up to about 19 m<sup>2</sup>. Thanks to its 360° outlet, it can effectively clean the air in every corner of the room. The product also stands out for its impressive efficiency - its CADR value is 160m<sup>3</sup>/h. Simply place it in the room of your choice and turn it into a safe, health-friendly place!

#### Surprisingly quiet

Sleep soundly while the Meross brand purifier takes care of the excellent air quality in your home. You don't have to worry about the annoying noise disturbing your rest! The device works surprisingly quietly - in Sleep mode its sound level does not exceed 24dB, and in High mode it is about 48dB. By comparison, in everyday outdoor this value stays at around 70dB and above. So when using the MAP100, you don't have to worry about annoying noise.
