Aigo RAINBOW 6 computer case (black)

The Aigo RAINBOW 6 computer case is an excellent choice for anyone who appreciates modernity and functionality in one. Offered by the manufacturer Aigo, it provides not only solid workmanship, but also aesthetics that will satisfy even the most demanding users. With a geometric front panel, a transparent tempered glass side panel and RGB backlighting, it is the perfect choice for those who want to emphasize the individual character of their computer set.

Optimal organization of components

The Aigo RAINBOW 6 offers the perfect conditions for efficient internal organization, providing space for one HDD and two SSDs. This arrangement allows flexible media management and provides sufficient space for the most important components. The clear layout of the interior, supported by a cable routing system, allows not only an orderly installation, but also efficient replacement of components or system expansion.

Efficient cooling

The RAINBOW 6 case is designed to provide optimal thermal conditions for all components. It offers support for the installation of two 120 mm or one 80 mm fan, which guarantees efficient air circulation and keeps the system at the right temperature. In addition, with a maximum graphics card length of up to 320 mm and a CPU cooler height of up to 140 mm, this chassis is designed to accommodate

high-performance components, which is key to achieving high system performance.

Ease of access and extensive connectors

The Aigo RAINBOW 6 also features thoughtful ergonomics for use, offering easily accessible buttons and controls, including Power and Reset, as well as USB 2.0, USB 3.0, HD Audio, and headphone connectors. This not only enables fast and convenient data exchange, but also allows easy connection of external devices.
