

### USB-C to HDMI 2.1 4k30Hz RayCue cable, 2m (black)

Ref: 6974425670794

USB-C to HDMI 2.1 4k30Hz RayCue cable, 2m (black)

USB-C to HDMI 2.1 4k30Hz RayCue cable, 2m (black).

The RayCue cable allows you to connect devices equipped with USB-C and HDMI ports. With a USB-C male connector and HDMI male connector that supports 4K@30Hz resolution, you can easily transmit high-quality video and audio from one device to another. In addition, the USB-C port with PD support up to 60W allows you to charge your device while transmitting the signal. High-quality materials, such as zinc alloy and ABS plastic, were used to make the product. The nylon braid further ensures reliability and durability
