Hub 7w2 RayCue USB-C to 2x USB-A 3.0 5Gbps + SD/TF 3.0 + USB-C+ HDMI 4K30Hz (gray)

The 7w2 RayCue Hub offers everything you need to easily expand your computer's capabilities. It features 7 ports, including USB-A, USB-C, Thunderbolt 3 or HDMI. Its solid aluminum alloy construction makes it not only lightweight and portable, but also durable, making it ideal for both home and travel use.

Fantastic image quality

The 4K@30Hz HDMI port allows you to connect the device to an external monitor or TV to enjoy superb picture quality in 4K resolution. Watch movies, presentations or photos with unparalleled sharpness and color depth.

Express data management

Equipped with three USB-A 3.0 ports with a maximum transfer speed of 5 Gbps, the hub allows you to quickly connect multiple devices simultaneously for smooth, lag-free operation. It also offers SD and microSD memory card slots that allow you to easily and quickly transfer data from memory cards to the device of your choice.

Maximum performance

The hub also features a Thunderbolt 3 port, which not only provides lightning-fast data transfer, but also allows you to charge devices at

unprecedented speeds. There's also a USB-C port at your disposal to renew the power of many popular devices.
