

Naturehike ENVELOPE STYLE sleeping bag with hood U350S (gray)

Ref: 6927595764312

Naturehike ENVELOPE STYLE sleeping bag with hood U350S (gray)

Naturehike ENVELOPE STYLE sleeping bag with hood U350S (gray).

The Naturehike sleeping bag is a solution for those looking for comfort and protection in colder conditions. Thanks to its 350g/m³ cotton insulation fill, which imitates feathers, the sleeping bag provides effective thermal insulation. The outer material is 190T polyester, which is characterized by high abrasion resistance and moisture resistance, which increases comfort in various weather conditions.

Ergonomic design

The hood of the Naturehike ENVELOPE STYLE U350S sleeping bag is designed to provide extra protection for your head and neck from the cold. This gives you full warmth even during extreme sleeping conditions. The sleeping bag is envelope-shaped for greater freedom of movement and sleeping comfort, and its 75 cm width and 220 cm length make it suitable for most users.

Practical solutions

Naturehike ENVELOPE STYLE U350S is equipped with a double-sided zipper, allowing the sleeping bag to be easily opened and closed, as well as unzipped to form a quilt. What's more, you can connect the 2 Naturehike sleeping bags together using the zippers. This way you can enjoy a warm and cozy sleeping bag for two people. It also comes with a carrying case, which makes it easy to pack and carry the sleeping bag.
