Darkflash AR12 computer fan

Ref: 6926170089581

Darkflash AR12 computer fan

Aigo AR12 computer fan

The Aigo AR12 fan is a combination of performance and stylish design, ideal for users looking not only for an efficient thermal solution, but also wanting to enhance the look of their system with striking ARGB lighting. The fan offers an airflow of 48 CFM at 1200±10% RPM, and thanks to its hydrodynamic bearings, provides quiet operation at a maximum of 24 dBA. The AR12's robust design, reinforced with anti-vibration pads, guarantees long-lasting operation without excessive noise or resonance.

Quiet operation

Designed with gaming enthusiasts and professionals in mind, the AR12 offers an unparalleled airflow of 48 CFM while maintaining a low noise level of 24 dBA. Thanks to its hydrodynamic bearings and advanced blade design, the AR12 is guaranteed to provide stable cooling without acoustic interference, making it the ideal component for those who value both peace of mind and efficiency.

ARGB - amazing lighting effects

The AR12's integrated ARGB backlighting takes computer personalization to a whole new level. Shimmering rainbow colors not only add character to any case, but also allow you to synchronize with other computer components for a consistent, mesmerizing lighting effect.

Long-lasting durability

Every detail of the AR12 fan is designed with durability in mind. Anti-vibration pads on both sides of the fan reduce resonance, and the special TPU Light Guidance Ring design not only enhances aesthetics, but also protects the blades from damage. The fan's dimensions (120 × 120 × 25 mm) ensure compatibility with many cases, making the AR12 a versatile solution for everyone.

Easy installation
The Aigo AR12 stands out for its ease of installation. Thanks to its standard dimensions and 4-pin PWM+ARGB plug, installation is quick and easy, allowing for seamless implementation into any system. Adapted to a wide range of enclosures, the AR12 is not only easy to install, but also versatile, adapting to individual cooling needs.

Included
Fan x 1
Control unit x 1
Screw x 4
Instruction manual x 1

Manufacturer
Aigo
Model
AR12
Fan dimensions
120 × 120 × 25 mm
Airflow
48 CFM
Rated voltage
DC 12V
Rated current
0.16 A
Dimensions:
130 × 135 × 158 mm
Fan speed
1200±10% RPM
Bearing type
Hydraulic Bearing
Noise level
24 dB(A) MAX
Static pressure
1.8 mm-H2O
