Sunnylife universal mount for sports cameras (DZ762)

Record breathtaking footage. The Sunnylife mount allows you to record from a variety of perspectives, and it has a weight capacity of 300g. Reliable magnets ensure a stable mount. The product is compatible with most action cameras and with many Sunnylife accessories, including BK743, AD748, AD720 adapters. It will also work well as a magnetic phone mount.

Adjustable viewing angle and high lifting capacity

The Sunnylife mount allows you to adjust the camera's angles, making it easier to film from the bottom and top perspectives. The solution used expands creative possibilities and helps to capture every moment from an intriguing point of view. In addition, the maximum lifting capacity of the product is 300g, so you can successfully use it with your action camera and smartphone.

Strong magnetic adsorption

6 magnets guarantee the safety of the camera, even during intense outdoor sports. The magnetic force ensures the stability of the mount and the safety of the device. In addition, the product can be used as a magnetic phone holder, which further enhances its functionality. With Sunnylife you can record without stress!

Stability and security

The base of the mount increases the contact area between the camera and the plane, which translates into greater stability of the device. In addition, the non-slip silicone pad protects against scratches and ensures that the camera stays securely in place.

#### Various usage scenarios

With the Sunnyslife mount, you can record in a variety of situations, such as while driving or biking. You will also create vlogs or time lapse shots. You don't have to limit yourself!

#### Great compatibility

Thanks to the 1/4" adapter, the mount is compatible with Osmo Pocket 3/2, Insta360 ONE X 3/2/1, Insta360 X4, Insta360 GO 3/ GO 3S and FIMI PALM 2/1 cameras, among others. As a result, it is a great choice for people who use different camera models.
