### Rockbros AS-089 motorcycle bag

Get ready for comfort and functionality with the Rockbros AS-089 motorcycle bag. Designed specifically for motorcycle enthusiasts - it offers not only excellent capacity and durability, but also many practical solutions to make traveling easier.

### Comfortable use of your smartphone

Thanks to TPU lamination, you can comfortably use your smartphone's touchscreen, even when it's inside the bag. Now you don't have to interrupt your ride to check a map or answer a call!

### Anti-slip features for added stability

The Rockbros AS-089 bag features non-slip leather on the bottom for stability even during dynamic driving. You don't have to worry about it moving around during maneuvers on the road! In addition, built-in magnets allow you to quickly mount the accessory on metal fuel tanks.

### Better organization, more convenience

The AS-089 is equipped with a detachable phone pouch, which offers strong Velcro straps that make it easy to attach and detach. You can put not only your smartphone in it, but also your bank cards, for example. In addition, the product has special compartments and

pockets that allow you to conveniently store small items and avoid losing them.

#### Universal use

The Rockbros AS-089 bag will also prove useful as a backpack. The adjustable straps allow you to adjust it to your needs, ensuring comfortable carrying even on long trips. In addition, the waterproof design (IPX5) protects your belongings from rain and moisture, ensuring their safety in almost any conditions.

#### Thoughtful design

Reflective elements on the bag will ensure that you will be more visible on the road, and therefore safer when riding after dark. The high-end zipper guarantees smooth, reliable operation and water resistance, and the buckles made of POM plastic are highly durable and resistant to damage. All this gives you confidence that the AS-089 model will serve you for a long time!
