

Remote-controlled car Double Eagle (orange) Off-Road Amphibi

Ref: 6948061928328

Remote-controlled car Double Eagle (orange) Off-Road Amphibious E345-003

Remote Controlled RC Car Double Eagle Off-Road (Amphibious) E345-003

Discover boundless driving freedom with the amphibious off-road vehicle Double Eagle Off-Road E342-003. This remote-controlled vehicle is a true pioneer in the world of RC toys, offering unparalleled versatility both on land and in water. Designed for children aged 8 and above as well as adult RC model enthusiasts, this Off-Road provides unprecedented driving experiences in any conditions.

An Amphibian That Can Do It All

Designed for limitless adventures, the Double Eagle Off-Road can conquer any terrain and boldly embark on conquering wetlands. Thanks to its unique waterproof construction, this RC vehicle is ready for any challenge.

Reliable 4x4 Drive

Whether it's a bumpy trail or watery terrain, the innovative four-wheel drive system provides unbeatable grip and control. The Double Eagle Off-Road is synonymous with durability and strength, and its ability to climb slopes up to 30° means there are no obstacles in its way.

Advanced Technologies

The Off-Road won't catch you off guard with low energy levels! Equipped with a low voltage warning system, it will immediately inform

you when the charge level drops to minimum values. TPR tires with high grip ensure driving stability, while the interference-free remote control system allows for hassle-free play within a radius of at least 25 meters. Embark on an adventure with Double Eagle!
